About Me

Hello! I'm Devaki Chandrika, a UI/UX designer with over 3 years 3 months of experience. I've been crafting digital experiences that are as intuitive as they are engaging. My passion for design is like a compass, guiding me through the vast sea of user interfaces. If you're seeking a smooth digital journey, I'm your captain!" 🚀🌊🧭

Work Experience

UI/UX Designer

My journey has been a continuous exploration of design's ever-evolving landscape. Worked on various challenging user experience problems. Solving the needs of the user and reaching the goals of the business is what i have gained from the Apps Tek

Projects Worked On.

Hetero Health care (Feb-2025 to Present)

Designed product websites and some internal applications.

Razzo Tech (Dec-2024 to Jan-2025)

Built a corporate LMS with multi-role access (Super Admin, Admin, Trainer, Trainee) enabling full CRUD operations on users, courses,and quizzes. Integrated AI-powered assignment creation, trainee progress tracking, and performance analytics via dashboards.Included features like messaging, announcements, feedback, and recordings within a streamlined trainer interface.

AppsTek Corp (July-2022 to July-2024)

SPHARA (SOS App)

SPHARA is a mixture of SOS and Social Engagement app. Where people and opt for and emergency help and also mean while they can help each other socially by adding awareness, Threats and SOS news across the locality.

ART

ART is a internal platform used for transparent and real time tracking of recruitment happening within the organization. Its an extract of job portal where the organizers generate request for manpower and its handled by various onboarding team. The most efficient application for recruitment and job enquiry.
